Important note

How to read the list

HOW TO READ THIS LIST

This list shows the creators who shared Samsung content in the last 90 days; each card states the type of evidence for the post. The 'Strong signal' and 'Mention' classes are not confirmation of a paid collaboration. Only Instagram's paid-partnership label is the brand's own declaration. News, discount and shop accounts (51) were not added to the list.

Collaboration evidence	E1 or E2 is present; or, in the same row, E3 together with E4, E5 or E6.
Strong signal	E5 or E4 is present; or two or more Samsung posts carry E6.
Mention	All other matches.

Scope, evidence and class

Short method

SCOPE AND MATCHING

Universe
Turkish Instagram creators tracked by Starlecta; Reels, stories and posts. Period 4 Aug – 1 Nov 2026 (TRT, 90 days).

Matching
Hashtag, @mention and tag matches for Samsung; samsung.com links in stories. The brand's own account was not counted.

Base
Samsung: 986 account-content rows (450 Reels, 471 stories, 65 posts) from 398 accounts. News pages and deal, discount and shop accounts (51 accounts) were not added to the list; the remaining 347 creators are the base of this report. A post published jointly by two tracked accounts is one content item and two rows; no Samsung row is such a post.

Note
The creators on the cards are the accounts that published the post; a brand relationship is confirmed only by Instagram's paid-partnership label. The Strong signal and Mention classes are not confirmation of a collaboration.

Figures
View counts were read from Instagram on 2 Nov 2026; for the 7 Samsung Reels that could not be read, the first recorded measurement was used (base 450 Samsung Reels). Reels views are Instagram-only views. Instagram co-author information is taken from the post's own response where available.

Segment
Nano <10K, Micro 10K–100K, Macro 100K–1M, Mega 1M+ followers.

RELATIONSHIP CLASS

Collaboration evidence	E1 or E2 is present; or, in the same row, E3 together with E4, E5 or E6.
Strong signal	E5 or E4 is present; or two or more Samsung posts carry E6.
Mention	All other matches.

Active: last Samsung content on or after 3 Oct 2026.

EVIDENCE (ROW COUNTS, WITHIN 986 SAMSUNG ROWS)

CODE	EVIDENCE	REELS	STORY	POST	TOTAL
E1	Paid-partnership label Instagram label	17	0	0	17
	Paid-partnership label: @samsungturkiye Samsung tagged as sponsor (strongest)				10
E2	Samsung co-author A Samsung account is a co-author of the post	7	0	0	7
E3	Ad disclosure (#reklam/#işbirliği/#tanıtım) In the post or Reels caption, no organic note	252	0	33	285
E4	Samsung link samsung.com link; in stories only	0	197	0	197
E5	Campaign tag #iswitchedtosamsung, #teamgalaxy, #galaxyzfold8 ve ürün ailesi	234	0	19	253
E6	Samsung account tag/mention tag, @mention or story mention	274	313	38	625
E7	Hashtag only #samsung veya ürün hashtag'i; başka kanıt yok	116	1	14	131

Paid-partnership label is Instagram's own label; **ad disclosure (#reklam/#işbirliği/#tanıtım)** is the tag in the caption. The two are counted separately. A row can carry several pieces of evidence.
